

CEVA Logistics

# Automated Export System (AES) Compliance Seminar & Workshop

October 14 & 15, 2008

MAKING BUSINESS FLOW

## The New Foreign Trade Regulations and Mandatory Automated Export System Filing Requirements Are Here!

CEVA Logistics is sponsoring an Automated Export System (AES) Compliance Seminar and Workshop in San Juan, Puerto Rico October 14 & 15, 2008. The U.S. Census Bureau, and port officers from U.S. Customs and Border Protection will guide you through the FTR requirements and explain how to smoothly get your shipments through customs by complying with the FTR. The Census Bureau experts will discuss the difference between the FTR and the obsolete Foreign Trade Statistics Regulations, the mandatory filing of shipments through the Automated Export System, and how to classify your commodities. The CBP experts will cover port requirements and their efforts against terrorism and international narcotics trafficking. Participants will receive a certificate for attending the seminar.

On the second day, there will be an AESPcLink Workshop where participants can receive certification to file via the FREE AESPcLink program! Come learn how to successfully file your export information in this hands-on PC training workshop. All training is provided by the U.S. Department of Commerce/ U.S. Census Bureau/ Foreign Trade Division in collaboration with CEVA Logistics.
